

SARL Historical Documentation

Western Cape Archives and Records Service

In April 1976 the SARL donated 24 volumes of historical documents to the Western Cape Archives and Record Service. This in fact meant that they would be kept here forever as the League by its action relinquished ownership.

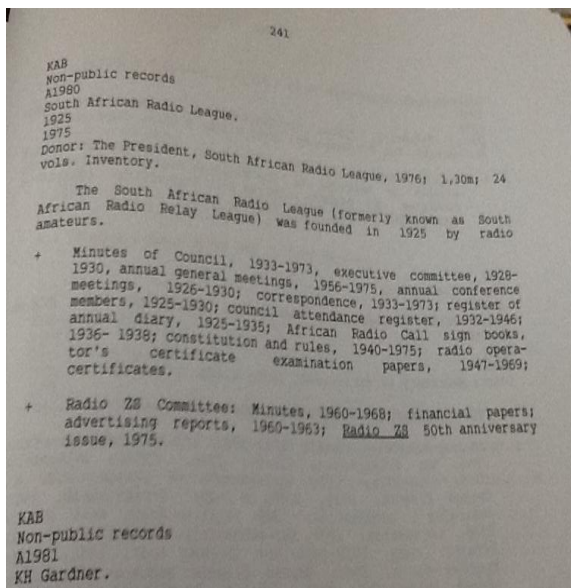

In April 1991 when the SARL HQ was relocated to Johannesburg Koos and Annie van der Merwe donated a further 20 volumes.

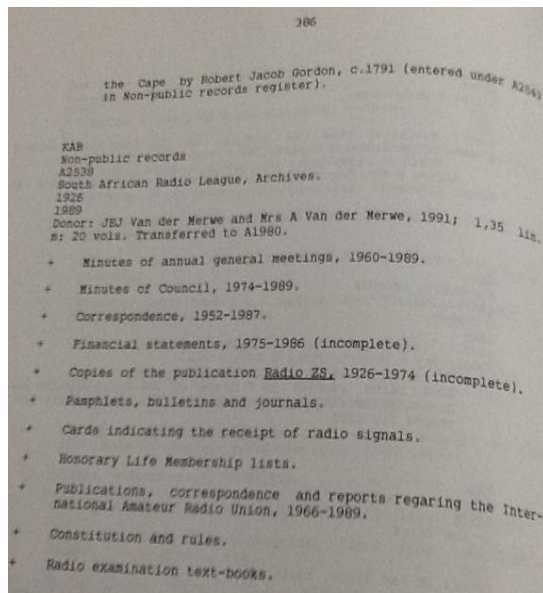

During 2013 when I was in Cape Town I visited the archive and took the photos of the documents that are shown here.

On the last page is a photograph of the first AGM of the South African Radio Relay League held in Cape Town 1926. The original is in the archive.
